

## Mall Math

You will be creating a math problem that you might encounter in real life. You can choose the type of problem.

You will need to use correct English format: title, correct spelling and sentence structure.

Your choice of type of problem:

- A. \_\_\_\_\_ Proportion
- B. \_\_\_\_\_ Unit Price/Better Buy
- C. \_\_\_\_\_ Percent Off (Sale Price)
- D. \_\_\_\_\_ Sales Tax/Total Price
- E. \_\_\_\_\_ Tip/ Total Amount Spent

You need to include:

1. \_\_\_\_\_ Your Store's name
2. \_\_\_\_\_ Pictures to capture the shoppers' eyes
3. \_\_\_\_\_ A word problem relating to the pictures
4. \_\_\_\_\_ Directions on how to solve the problem
5. \_\_\_\_\_ The evidence for the solution (work shown)
6. \_\_\_\_\_ The correct solution to the problem labeled
